About Us

In a world where English is the Lingua franca and about 1,500,000 people speak English and another 1,000,000,000 are learning it, we need to awaken to the winds of change in the world around us and widen the horizons of our thinking and working.

Today, English is the key to the world of Science. More than a billion pages of information is available on the web. It is amazing that learning just one language gives access to the knowledge available on the Internet. Only

English Language magazines and newspapers can be found in every part of the world. Almost all International Conferences and Competitions are conducted in English. 75% of the world's letters and postcards are written in English. International television networks such as CNN and BBC are in English. To sum up, it may not be wrong to say that the world has agreed to use English to communicate with each other. It is known as "the language of communication". Therefore to survive economically and culturally we need to change with the times.

Pageant Show

All in all, people believe that pageants do in fact contribute to society in both a positive and negative way. As Erica has rightly said at the very beginning, that there are positive aspects and negative aspects, but mostly positive. Although the contribution of pageants make is at a limited scale, it is still important. Besides giving some good entertainment, pageants serve the purpose of discovering new leaders, letting women promote good causes, acting as a means for contestants to show their accomplishments, as well as many other positive things

On 28th, September 2016, Pageant Show was conducted by the students of Std VIII, where many students with their theme based elaborated costume did a parade, illustrating the public and social festivals. Many students participated and they were divided into groups according to their festivals such as New Year, Christmas, Lori, International Kite Festival, International Lemon Festival, France Day etc.

The Judges Mrs. Sameera Patni and Ms. Saba Shaikh focused on judging and ranking the participants based on their physical attributes, personality traits, intelligence, talents and answers to judges as per the judging criteria. All the students cheered a lot as the show started as they acknowledged the self confidence of their performing peers. Even parents supported them and helped them perform their very best and boost their self esteem.

Three winners were selected. This activity taught students life values such as self confidence, sportsmanship, determination and leadership outside the school. Overall it was a successful event for the Anjuman-I-Islam's B.S.K Girls' English School.

Food Fiesta

The festival of light encircles our life with Joy and Happiness. Success comes at our home. Fortunate is the one who has learned to admire, but not to envy. Good wishes for joyous festivals with a plenty of peace and prosperity. Food is one of the basic necessities of life.

It is more than other basic needs like shelter and clothing. For ages, we have acquired plenty of information about the use of food as a part of our community national and religious life. It has been used as an expression of love, friendship and social acceptance. So, food or the lack of it has great influence on the destiny of one's health and the community at large. Food is that which nourishes our body and keeps us healthy. It can be defined as anything eaten or drunk, when swallowed, digested and assimilated in the body, keeps it well.
